

IRONBARK SOFTWARE POSITION PROFILE

Position: Graduate Accountant – Business Analyst

Terms: Full Time

Reporting To: Team Leaders & Managing Director

Position Description:

Are you a recent Accounting/Commerce Graduate looking for something more than Public Practice? We have what you need!!

- Leading Software Developer on Brisbane's Southside
- Friendly Team Environment
- Travel Opportunities

Background and Vision:

Ironbark provide a high level of accounting support for clients using Ironbark Software modules in Australia and New Zealand. The ideal candidate will have completed a Commerce or Accounting degree and is seeking the opportunity to be trained as a Business Analyst in an ERP Software company.

Key Business Focus for this Position:

- To provide a high level of accounting/business assistance and support on Ironbark products to clients and to gather business intelligence as to the best use of these products within the client's business environment.
- To test programs that have been changed or are to be installed at a client's site providing advice to Programmers/Systems Consultant.
- Effective and consistent problem solving according to defined processes and procedures

The Ideal Candidate will have:

- Proficient accounting knowledge/background with commerce or accounting qualifications.
- Exceptional written and verbal communication skills.
- Strong analytical, problem solving and technical skills.
- Ability to work independently and as part of a team.
- PC literate and prior knowledge of accounting packages is an advantage (though not necessary).
- Sound time management and organisational skills.
- A great personality that will compliment a laid back team environment

Full training will be provided for this role.

If you enjoy a challenge and want to take a step towards a career in an IT environment then email your resume today!!
